E-Gear Multi-purpose Organizer Backpack

E-Gear newly designed organizer is a compact, modular and multi-functional backpack which is ideal for first responders for EMS, tactical & military operations.

High volume storage chambers at the “wings” can be used to keep medic or operation tools, and the Molle panel in the middle main body is compatible with many accessory clips or pouches on the market!

There is a emergency rescue mattress built-in the organizer which can be used as a “backup” evacuation device for a second casualty.

The Organizer can be easily stacked for storage, carried on a back or carried by hand.

Size:

Fastened: W22.5" x L12" x H7.5" (W57.2 x L30.5 x H19 cm)

Extended: [Head 26"; Tail 18"] x L80" x H6.5"

([Head 66cm; Tail 45.7cm] x L203.2cm x H16.5cm)
